

VISITORS WELCOME!

We encourage you to experience a variety of our programs by attending your **first three visits as our guest—our ‘try before you buy’ limited-time offer.**

These visits do not necessarily have to be consecutive but must be completed within three months of your first visit (October through May.)

MEMBERSHIP DUES

The annual calendar year Single and Family Membership fee is **\$50** for **16** meetings with full access to our exclusive SharePoint site and archives throughout the year.

Mid-year memberships and subscriptions are prorated.

The annual dues statement is issued each November for the following calendar year.

To join, look for the ‘**Join Us**’ tab on our website: <https://www.capecoralcomputer.club/join>

Members may subscribe to the **optional “Microsoft 365 Business Standard Nonprofit,”** which (for brevity) **we will call the ‘Office Suite’** for **\$36** paid with your annual dues. This subscription includes the installation of the premium version of the ‘**Office Suite**’ **on up to five family devices**. It also **includes one Terabyte (1,000 GB) of OneDrive storage per device**. (Program details are provided on the Microsoft Office Suite page).

Payment can be made online or by check.

Make your check payable to the ‘Cape Coral Computer Club’ and mail it to:

Cape Coral Computer Club,

Attn: Bobbe Phillips,

5731 Flamingo Drive, Cape Coral, FL 33904.

Once your payment clears, our Secretary will set up an online appointment to provide you with a **personal mailbox for emails from the Club**. **Also installed is our SharePoint system**, a collaborative platform for Club News, Activities, Member Information, and the Club Library, which contains video recordings of past presentations.

If you have purchased a subscription to the Microsoft Office 365 Suite, it will be set up during your appointment.

Other Club benefits will be announced as they become available.
